

KOPPALA MEGHANA

Engineering Student

📞 7815940037 @ koppalameghana25@gmail.com 🔗 <https://www.linkedin.com/in/koppalameghana>
📍 Unknown

SUMMARY

I am Koppala Meghana, a motivated Bachelor of Technology student specializing in Electrical and Electronics Engineering. With a strong CGPA and practical experience from my internship at Rayalaseema Thermal Power Plant, I excel in programming languages like Python and JavaScript, alongside hands-on project work on automation and motor control. My dedication to continuous learning drives my ambition to contribute effectively to any organization

EXPERIENCE

Intern

Rayalaseema Thermal Power Plant

📅 12/2022 - 06/2023 📍 Muddanur

A thermal power plant located at Muddanur

- Completed my workshop on Solar PV Plant Design
- Internship in Rayalaseema Thermal Power Plant

EDUCATION

Bachelor of Technology

Srinivasa Ramanujan Institute of Technology

📅 08/2021

Diploma

Sri Venkateswara Government Polytechnic College

📅 08/2020 - 06/2023 📍 Tirupathi

Secondary Schooling

Z.P. High School Chinnacheppalli

📅 06/2018 - 05/2020 📍 Kamalapuram, Kadapa

CERTIFICATIONS

NPTEL Certificate

NPTEL in the stream of Smart C

AICTE Android Developer

AICTE Android Developer

AICTE Microchip Embedded Developer Certificate

AICTE Microchip Embedded sy

KEY ACHIEVEMENTS

🏆 Second Prize in SUR

Achieved second prize in competition

🚩 NSS Certificate

Participated in National S (NSS)

★ State Level Participa

State level participation i Carroms

SKILLS

Gmail	IAM	Switches
SQL	HTML	CSS
React	Java	Django
Visual Studio Code	Eml	

PROJECTS

Automatic Water Tank C

📅 01/2023 - 03/2023

Automatic Water Tank Controlle

- Designed and implemented level controller for tanks
- The system automatically sv pumps based on tank water
